

## TAG begins work on 700-acre industrial park in Mexico City

---

### CONSULTING

---

**TAG International LLP** ([www.tagae.com](http://www.tagae.com)), an Austin-based architecture and land development consulting firm, has been hired by **ING Clarion Partners** ([www.ingclarion.com](http://www.ingclarion.com)) to provide project management and consulting services for a 700-acre industrial park in Mexico City.

Financial terms weren't disclosed.

Construction of the first two buildings in the industrial park will begin this spring.

New York-based ING Clarion Partners advises institutional investors and has \$19 billion in assets under management.

**Emergo Group Inc.** ([www.emergogroup.com](http://www.emergogroup.com)) of Austin has picked up a consulting deal with **Bio-Matrix Scientific Group Inc.** ([www.bmxgonline.com](http://www.bmxgonline.com)), a biotechnology company in San Diego.

Financial terms weren't disclosed.

Emergo Group will help prepare Bio-Matrix's quality management system for registration with the U.S. Food and Drug Administration related to medical device production and stem cell banking.

Emergo Group provides consulting on quality assurance and regulatory compliance.
